

Confidentiality and Non-Disclosure Agreement

PEPartnership Alliance Volunteers

At PEPartnership, we believe that every individual is a child of God, every individual is equally valuable in God's sight – and every individual should therefore be equally valuable in our sight.

One consequence of this understanding is that we are called to guard each person's privacy and dignity as we would guard our own.

That means that what we learn about our guests is confidential – including the fact that they *are* our guests. We don't gossip about it, we don't tell others about it, we don't carry it beyond the bounds of the Pantry itself and our work there. We do not share names, addresses, household composition, dates of birth, or any other information concerning our guests – even that they *are* our guests – with any other individual or group. While PEPartnership needs that information in order to properly serve our guests, it is confidential information that is never shared with others.

There are also laws and regulations in place at all levels of government concerning privacy with which we must comply.

We therefore ask every volunteer to sign this form.

I agree to keep confidential any individual and household information that I may obtain, directly or indirectly, during the course of my volunteer work at this PEPartnership Alliance agency.
